### IBPA Column Service example 838 by Tim Bourke

West began with the ace, king and queen of spades. Declarer counted ten tricks: four in trumps, four in diamonds and two in clubs. He saw that the main danger was West's having two diamonds and four hearts to the jack.

If that were the case, and declarer played three top trumps, West would ruff the third diamond and the contract would go down, declarer being left with a club loser and no way to get rid of it.

Dealer South. Both Vul.

#### The Auction:

West	North	East	South 1♥
1 🗘	Double	Pass	2 💠
Pass	3♥	Pass	4 🧡
Pass	Pass	Pass	

Declarer's initial idea to cater for that possibility was to lead the ten of trumps. After a moment's thought he decided to keep the prospect of an overtrick alive by crossing to the dummy with the ◆J and then leading the ♥2 to his ten. If the ten had held he would made an overtrick as long as the trumps were divided no worse than 4-2. On this layout, however, West took the ♥10 with the ♥J and played a hopeful fourth round of spades.

Declarer ruffed this on table with the ♥9 and discarded the five of clubs from hand. After crossing back to hand with a club to his ace, declarer drew the outstanding trumps and claimed ten tricks.

#### **No Smoking Policy:**

No smoking is allowed in the convention center, lobby, washrooms, fire exits, or service areas. Smokers must go outside to puff.

#### Partnerships:

Singles should check in at the partnership desk 45 minutes before game time to allow those attending to arrange partnerships. The desk will be open prior to the morning, afternoon, and evening sessions. Partners are guaranteed for all 99er events. If no one is at the desk, leave a note, or contact Carl in person please.

#### Partnership Desk and Daily Bulletin:

Check the Partnership Desk for hand records, tournament schedules, area info, and your copy of the **Valentine Views.** A bulletin box on the desk is available for you to submit any interesting hands, amusing bridge-related stories, or puzzles for publication in the daily bulletins. If you become a new life master while at the tournament, please drop a note in the bulletin box. Include the event so we know how you went over the top.

Also check your *Daily Bulletin* for specific hospitality information for the weekend.

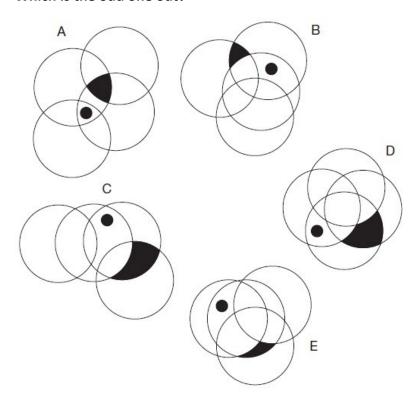

<u>Recorder Slips</u>, should you need them, are available from the directors.

#### **Score Corrections:**

For pair events, the score correction period expires at the start of the next session. For the last session of an event, the correction period expires after twenty-four hours or thirty minutes after the end of the tournament, whichever is earlier. See the director as soon as possible if you discover an error in your score. The appeal period for a director's ruling expires thirty minutes after the completion of the session.

# District 13 2016/2017 Grand National Teams

Saturday, February 25, 2017, 11:00 and TBA & Sunday, February 26, 2017, 11:00 and TBA

Hilton Northbrook, 2855 North Milwaukee Avenue, Northbrook, IL Telephone: (847) 480-7500 Call for Bridge Rate!

The Championship Flight and Flight A events will take place over four sessions and will be concluded in a single weekend. \*\*In Flight B alone, there may be two teams remaining at conclusion of play on Sunday. These teams will be responsible to determine a final date and place (area club) at which to play their Final. The Coordinator will work with the teams to find suitable arrangements for Final.\*\* (See CoC on the District 13 website for more information.) Flight C will be a two-session Swiss Team event played to conclusion on Sunday only.

There will be no competition among flights. Players must choose the flight in which they plan to play.

Flight	Masterpoints	Club Qualifying		
Championship	Unlimited	None		
Flight A	Fewer than 6000 points	None		
Flight B	Fewer than 2500 points	Determined by Unit		
Flight C	Non Life Master and fewer than 500 points	Determined by Unit		

Flight eligibility is established by ACBL's September 2016 masterpoint cycle. This information was produced on August 6, 2016 in Horn Lake, MS. Masterpoints won after this cycle will not impact flight eligibility for these events.

Players must reside in District 13. Each member of the team must be a paid member in good standing with the ACBL. Club qualifying may be required at the discretion of each Unit. A Flight B or C team may qualify under the rules of any Unit where a plurality of team members reside.

In addition, players who are currently, or have ever been in the past, members of another bridge organization, whether domestic (e.g., American Bridge Association) or foreign (e.g., Polski Zwiazek Brydza Sportowego), must submit information on their past and/or current ranking in that organization. Submissions must be in writing (email is fine) and must be received by the District GNT Coordinator or District 13 Director at the time of registration for the event. The information submitted may be used to assign a conversion to ACBL masterpoints for purposes of verifying flight eligibility.

\*\*An entry in the CHAMPIONSHIP Flight is a commitment to play in the National Final. Entries in lower flights may play to conclusion before declaring intent. We understand your reluctance to commit in advance.\*\*

# Squeezing The Dummy by Justin Lall

Opening leads are arguably the toughest part of the game. Many contracts hinge on what the defense chooses as its opening blow, and you have to do it without the benefit of seeing dummy. All you have to work with is the bidding, which against some opponents is of little value. If the opponents have given you enough information, you can try and construct their hands to find the best lead. If they have had an auction like 1 - 2 - 4 you are left with trying to make the percentage lead.

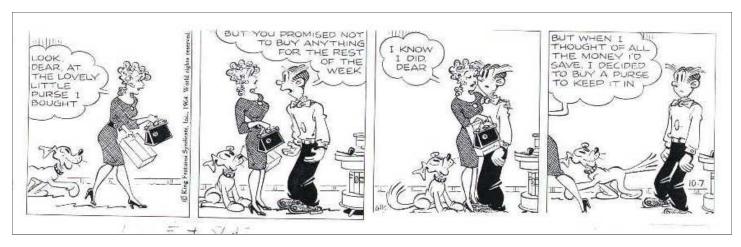

Here is an extreme example of where the opening leader had a lot of information if he reasoned it out. Playing against two excellent French players who can be relied upon to not be insane, you are dealt ♠64 ♥Q ◆8754 ♣KQJ875. The auction starts with partner who opens 1♥. RHO overcalls 3♠, you pass, and LHO bids 5♠! This bid asks partner if they have a first or second round control in hearts for slam. RHO bids 6♠ indicating a second round control. With a first round control she would have cuebid 6♥ in case of a grand slam. This is passed around to partner who doubles. LHO chooses to redouble, ending the auction.

Wow, on lead against 6♠XX. So, let's reason this out. Partner has doubled to suggest an unusual lead. Partner wouldn't do this with an AK or 2 aces because surely one of them will be ruffed. Dummy must have a void. We have 6 clubs, so obviously a club lead stands out, right?

Let's go a little deeper. Instead of thinking about what partner is asking us to do, let's think about what the opponents are doing. The five spade bid would indicate two or more losing hearts, and the six spade bid is probably the king. So partner must have the ace, and we can get one and lead a ruff. Well, the problem is RHO might have a stiff instead of the king. That's fine... then partner has the AK and will let us stay on lead while giving suit preference. The problem now is that LHO might have realized the king might be useless since we will be on lead and chose to ask for a control with Kx in his hand. No, partner has asked for an unusual lead and we should try to reason this out.

Let's think about what type of hand LHO could have to make this five spade bid. His hand must be solid minus the heart suit. He obviously doesn't expect to have a club loser, despite our KQJ. This means he has a singleton ace or void. If he has at most 3 spades (partner needs one to ruff) then he is left with a lot of running diamonds. If he has the singleton ace of clubs RHO would need to have 6 for partner to be able to ruff. Given the spade preempt, a diamond ruff is much more likely. So you lead a diamond.

Partner's hand was: ♣5 ♥A875432 ♦— ♣AT432. Wow, 6 clubs makes! The player at the table actually led a heart, which worked out fine, but is inferior. Beating 6♠XX 2 tricks is a good score. The hand for the 5♠ bid was pretty much what we expected. It was ♠AQ8 ♥J6 ♦AKJT9632 ♣—. We correctly reasoned out his hand. Had we not taken the time to do this, we would have probably led a club and the contract would make 7. Now that is a large swing.

# Lack King, Jack? Play The Odds By OSWALD JACOBY And ALAN SONTAG

The classic case here is A Q 10 9 6 opposite 8 7 x x.

If you want the maximum, finesse the queen. This gives you a 27 percent chance for five tricks and just over an 81.5 percent chance for four.

On the other hand, if you want to be as sure of four tricks as can be, you should play the ace and then lead toward the queen. It only gives you a 12.5 percent chance for five tricks, but it gets you four any time you don't find K J x or K J x x in back of the ace. This is an 83 percent chance. Not much better than 81.5 percent. but definitely better.

FURTHERMORE, IF YOU do play the queen and it loses to the king, your best play is to lead the ace next. Now, if it turns out that the king was singleton you lose two tricks in the suit while the ace lead would get you all five.

Let's shift the queen. You hold A 10 9 x x opposite Q 8 x x.

If you need all five tricks, you can lead the queen and hope for K x x opposite J or lay down the ace and hope for J x x opposite K.

Either play is a 6 percent chance for all the tricks. If you need four you should lay down the ace and lead toward the queen — an 83 percent chance.

THE PRECEDING ASSUMES perfect defense.

Against human defenders, you should lead the queen when playing for five. Sometimes an opponent will duck with K x.

If playing for just four and you lead from the ace toward Q 8 x x. There are lots of players who will never play low from K x.

Hence, if they do play low, you play the eight. If it loses to the jack, finesse for the king on the way back. This play insures four tricks unless the first player held K x x in which case you would lose to a singleton jack. This play wins 94 percent of the time.

## Very Punny ...

Q: What did the Dorito say to the other Dorito. A: I can't tell you it was too cheesy.

It's hard to explain puns to kleptomaniacs because they always take things literally.

No matter how much you push the envelope, it'll still be stationery.

Oxygen is proven to be a toxic gas. Anyone who inhales oxygen will normally die within 80 years.

Simon Cochemé, whose witty column appears monthly in *English Bridge* magazine, celebrated his 70th birthday with a knees-up and duplicate at Young Chelsea at the end of November. The hands were 'prepared', each containing a problem of one sort or another, some well-known, others less so. The question was, would the players reach the intended contracts and recognize the problem, or would they find their own unique way to get lost? The party was overseen by club manager Nick Sandqvist, who, when he heard thunderous laughter from one table, went to investigate. This was the hand:

South played in the intended 3NT on a Heart lead. Seasoned bookworms will recognize the problem: the defense will duck one round of Clubs. South uses this entry to play a Diamond to the Jack, which, if West takes it, will give him three Diamonds to go with his six tricks in the other suits.

Declarer, knowing there was a catch to the hand, thought he recognized the situation — that the only way to bring in the Clubs was to play East for the singleton Ace.

After some deep thought, he therefore led the 48 from hand and asked for the 42 from dummy. We will never know if East knew what he was doing when he won this trick with the Ace, if he misheard or had just had too much champagne.

What we do know is that South was so jubilant his reading of the situation had been accurate that he couldn't hold back a loud 'Yay' and a fist-pump. He won East's Spade exit and, with an air of total invincibility, played another Club to dummy's 10...

#### The Auction:

West	North	East	South
Pass	2♣	2 💛	Pass
Pass	4🚓	End	

Lead: ¥4

You, South, being a very conservative fan of 4 card majors you open 1S as dealer. West passe <sup>& N</sup> bids 2 ♣ – game try relay with support. East intervenes with 2 , you have nothing to say and pass. Pass from West and North closes the bidding with 4 . West leads 4, dummy appears and you notice that there are plenty of problems to solve in the play. You have two unavoidable losers in diamonds and possibly two more in spades and clubs. Don't rely on successful spade finesse. It is highly unlikely in view of the 2 voercall by East. He has plenty of hearts and there is little room for the spade Queen. You win the lead in dummy, cash two high spades – no queen, but happily all follow. Then cash the remaining heart to eliminate the suit and switch to •Q. East wins his Ace and King and exits with a third diamond. West follows twice and discards a club on the third diamond. You seem to be on the right track, otherwise East should have cashed the spade Queen if he had it. You can win your last diamond just to tease West – he discards another club. Now it is time for a spade. West wins and exits with the club Queen.
